

Appl. No.: 10/678,556
Amdt. dated 02/09/2006
Reply to Office action of August 9, 2005

Amendments to the Specification:

Please delete the present abstract and substitute the following:

Abstract

Custom lasts are developed by making a last, preparing a test shoe from the last and evaluating the shoe by having a user evaluate the test shoe. Feedback is collected from the user concerning at least one predetermined criteria. Additionally, at least one measurement of the last is made and the measurement is stored with the user's feedback.
